INLAND SITES FOR STATE RESERVATIONS.

Gardner Lake, Alexander Lake and Lantern Hill in the List.

Gardner Lake, in the town of Salem, Alexander Lake in the town of Killingly and Lantern Hill in the town of North Stonington, are three of the places that are mentioned as possibilities for state reservations in the first report made by the state park commission.

The greater part of the report is that made by Albert M. Turner, the field secretary of the commission, who made a tour of the Connecticut shore from Rhode Island to New York and then gave attention to the inland sections of the state. The commission reports:

As a result of the decision of the commission not to attempt any purchases until the whole situation was made a tour of the Connecticut shore from Rhode Island to New York and then gave attention to the inland sections of the state. The commission reports:

As to the inland sites, the commission has in mind five sites which cover in all about 10 miles of shore line. The sites are: Gardner Lake, Alexander Lake, Lantern Hill, and two others.

The report is signed by General Edward B. Bradley and the other members of the commission, John E. Calhoun, Herman H. Chapman, Walter O. Fisher, John G. Fox, Louis F. Robinson and Edward H. Wilkins.

CLAIMANTS FOR CITY JUDGESHIP

Names of John D. Hall and John H. Barnes Were Brought Before Judiciary Committee—Representative A. J. Bailey Withdrew His Own Name—H. H. Pettis and F. N. Gardner in Contest for Deputy Judgeship.

(Special to The Bulletin.)

Hartford, Feb. 18.—Norwich had a large representation at the hearing of the judiciary committee this afternoon when consideration was given the bills to appoint Thomas J. Kelly, John H. Barnes, John D. Hall and Albert J. Bailey judge of the city court of Norwich and Thomas J. Kelly, Frank N. Gardner and Henry H. Pettis deputy judge of the same court.

Pettis With 150 Names. Frank A. Robinson spoke in favor of the appointment of Mr. Hall, and said he was one of 15 or more citizens who had come to the capital in his behalf, and without reward or any hope of reward, but in the full belief that it would be for the best interests of Norwich to have Mr. Hall judge of the city court. Mr. Robinson presented a petition signed by 150 business men, merchants and manufacturers, and also several letters favoring the appointment of Mr. Hall, which he left with the committee and gave assurance that the committee would make no mistake in making favorable report on the resolution appointing Mr. Hall.

Mr. Robinson said that as a member of the board of police commissioners he had some knowledge of court affairs and of the efficiency of Mr. Hall, who had served as prosecuting attorney. He said Mr. Hall was possessed of common sense, good judgment and would prove a most excellent judge.

Mr. Robinson said that as a member of the board of police commissioners he had some knowledge of court affairs and of the efficiency of Mr. Hall, who had served as prosecuting attorney. He said Mr. Hall was possessed of common sense, good judgment and would prove a most excellent judge.

Favoring Senator Barnes. Representative Albert J. Bailey of Norwich spoke in favor of Senator John H. Barnes for the judgeship of the city court. He said it was one of the unpardonable public sins to choose between two good friends and that he was friendly with both Messrs. Hall and Barnes.

Mr. Bailey said that Mr. Barnes had been deputy judge for eight years continuously and during that time presided at the court considerably during the terms of Judge Kelly. Mr. Bailey said he knew Mr. Barnes to be not only a man of qualifications but was also extremely conscientious, so much so that if he or any of his relatives in some case before the court Mr. Barnes would consider himself disqualified.

Mr. Bailey said there was no doubt as to the qualifications of Mr. Hall or Mr. Barnes, and that the judgeship of the city court had been in the hands of Mr. Barnes for eight years.

The February edition of the Telephone Bulletin contains the following regarding the employees of the Willimantic operating force:

The members of the Willimantic operating force demonstrated the national day made of on the evening of January 23. Just before 8 o'clock the broke out in the Natchaug garage at 845 Main street, spreading rapidly to the Third City garage and the Johnson house. At 8 o'clock a second alarm was sent in.

As was to be expected there was a terrific increase in traffic on the night of the fire. The board apparently coming in at once. It was impossible for the regular force after 8 o'clock to handle the traffic, and the board decided to leave at 8 o'clock on duty and several others, hearing the alarm, forced their way through the crowd to the office and took their places on the switchboard. This splendid loyalty on the part of all is typical of our operating force the state over and it is interesting to know that the above increase in traffic was handled without a single complaint.

Fox Hunters Want Statute to Prohibit Trapping of Foxes.

There is a bill before the legislature of Connecticut presented by the president of Connecticut Fox Hunters club prohibiting the setting of traps for foxes, except upon land owned or leased by the trapper for agricultural purposes.

The foregoing appears in a circular letter which is being forwarded to members of fox hunters clubs throughout the state. The letter goes on to say that it is the object of the club and its members to do all they can to help the farmer and to keep the fox from being exterminated, a fate which will surely be his, according to the letter, "if the indiscriminate trapper is allowed to continue his rampage."

British American War Relief.

Mrs. Richard R. Graham gratefully acknowledges the sum of \$16, which was collected in the A. M. E. church on Wednesday night, Feb. 17, 1915, for the relief of the British and Allied soldiers in France.

Mrs. Graham has sent the sixth box of articles collected for the relief of the British and Allied soldiers in France. These have been acknowledged by Lady Herbert, who says, under date of Feb. 17: "I think it is the most beautiful of people in Norwich to take the interest they do in the soldiers and sailors of Great Britain and I shall see that the money is spent in buying what is most urgently required, which will be determined at our committee meeting today."

Two Pastmaster Nominations.

On Wednesday President Wilson sent to the senate the following pastmaster nominations: Joseph F. Leahy of Easton; Frederick D. Styles, at East Killingly.

Norwich is a large importer of rye and rye flour.

Dozen Lawyers on Petition.

Mr. Bailey submitted two petitions in favor of the appointment of Mr. Barnes. One signed by the members of the republican town committee and another signed by 12 Norwich lawyers.

In response to a query from the committee, Mr. Bailey said there were 20 or more lawyers in Norwich. Mr. Bailey also presented a letter from Dr. Stocum, pastor of the Central Baptist church, of which Mr. Barnes was a member recommending him as capable and fully qualified for the place. Mr. Bailey favored Mr. Pettis for deputy judge.

Representative Henderson. Representative Joseph Henderson of Norwich said that the ground had been pretty well covered by the speakers and that he concurred with all that had been said by his colleagues. Mr. Bailey favored Mr. Barnes for judge and Mr. Pettis for deputy judge.

Mr. Bailey then formally withdrew the resolution to appoint himself judge of the city court of Norwich, stating that the withdrawal was in favor of Mr. Barnes.

For Frank N. Gardner.

Herman A. Hofzin, 24, of Norwich spoke in favor of Mr. Gardner as deputy judge, stating that he was the choice of a majority of the republican lawyers of the city. He said that the members of the republican town committee had signed the petition in favor of the appointment of Mr. Hall, as well as they did that of Mr. Barnes for judgeship, and that the Barnes petition was signed by democratic lawyers.

In Favor of H. H. Pettis.

Amos A. Browning advocated Mr. Pettis as deputy judge and spoke of his ability and of his long experience in the office. He said Mr. Pettis had practiced law in Norwich for 12 years and was an honored member of the republican town committee.

Where the Town Committee Stands. Mr. Bailey explained that the members of the republican town committee signed the Barnes petition as the committee and the Hall petition as individuals.

Mr. Browning said the senator and representatives of Norwich favored the appointment of Mr. Pettis as deputy judge.

Fred G. Prothero said that as a member of the town committee he favored Barnes and Pettis and understood that all the committeemen favored Barnes. Mr. Smith said the town committee favored Barnes and Pettis for judge and deputy judge, and had signed the other petition stating that Mr. Hall was fully qualified for the judgeship.

Minister's Opinion Not Worth Much. Mr. Robinson said the introduction of Dr. Stocum's letter was probably introduced as a good card.

Mr. Bailey said that while he had much respect for the doctor, and even if Mr. Barnes was a prominent member of his prominent Bible class, Mr. Robinson said the town committee did not consider his opinion as being worth much in this particular matter, although they were disposed to be on the fence in this particular matter.

The hearing was then closed. There was no appearance for Mr. Kelly.

MAHAN TOO BUSY TO THINK OF POSTMASTERS.

Time All Taken Up with Work on Appropriation Committee.

A Washington dispatch says that on Thursday Representative Mahan stated that he had made no recommendation for postmaster at Willimantic, but that John O'Rourke had on file many endorsements for the position.

Mr. Mahan said that his duties as a member of the appropriation committee of the house occupied so much of his time that he could not give the matter of the appointment the time required. The last appropriation bill of the session will be reported within a few days, and he will then take the matter of post office vacancies in his district and make recommendations to the department.

John O'Rourke has received no notification from Washington that his name has been recommended for the postmastership at Willimantic, says Mahan to Hartford. Mahan says he knows absolutely nothing about the matter. Mr. O'Rourke stated that he had not seen Congressman Mahan since the state convention, at which time, as a result of a caucus called here, Winham sent Mr. O'Rourke at the head of the Mahan delegation.

MUCH INTEREST IN FIRST BAPTIST MEETINGS.

Special Series Having Large Attendance—Pastors to Assist.

The series of meetings being held at the First Baptist church show increased attendance as well as an increased interest, which is encouraging to the spiritual life of the church. Thursday evening the pastor, Rev. George H. Strouse, taking as his thought "Enthusiasm," from Matthew 21:1-11, gave a stirring address. This was followed by a testimonial meeting. Special music had been arranged for the meeting, opening with a 15-minute song service, Robert W. Otis assisting with the organ, and a duet was rendered by Mrs. Louis A. Wheeler and Stephen H. Peckham. All were invited to attend on Friday evening, which is to be Sunday school night.

Rev. Mr. Strouse has conducted the meetings this week, but will be assisted next week on Monday and Tuesday evenings by the Rev. J. E. Stocum, D. D., by Rev. A. L. Tedford on Wednesday evening, Rev. Mr. Holmes on Thursday evening and General Secretary Edwin Hill of the Y. M. C. A. on Friday evening, and there will be special music each evening. Rev. Mr. Strouse announced Thursday evening that there is to be a meeting for men at the church Sunday afternoon at 4 o'clock. An orchestra will furnish music and there will be singing by a male quartet.

AT THE AUDITORIUM.

Vaudeville and Photoplays.

For the last half of the week the Black Stars, presented at the Auditorium theatre by Harry Rich, are seen in a plantation number that gained approval by the audiences on Thursday afternoon and evening. Preceding the plantation singing and dancing there were several vaudeville acts, and the evening was a most enjoyable one.

On the movie programme there was another two reel instalment, "The Exploits of Elaine," in which there were some very startling developments. The other two reels were a drama, "When His One of Your Wives," with Murdoch MacQuarrie and a Crystal comedy, "The Fat Girl's Romance."

How to Destroy Catarrh Germs and End Catarrh Forever

A Specialist's Advice.

Catarrh is a germ disease and the only way to cure it so it will stay cured and never come back is to kill and drive out of your system the catarrh germs which have found lodgment there. When the germs go the catarrh will stop. The trouble with most treatments like sprays, douches, cream, greasy balms, lotions, etc., is that they give only temporary relief by opening up for a while the clogged head, throat and nostrils. In a little time the catarrh comes back as bad as ever.

People who suffer continually from catarrh should drop such temporary make-shifts and get something that really gets at the root of the disease and drives it out. There is nothing better for such cases than breathing into your nose and lungs the pleasant, soothing, healing, germ destroying gas of Hyomal (pronounced High-o-mel), made from natural oil of Eucalyptus and combined with other powerful healing, antiseptic and germ destroying ingredients. Hyomal penetrates and kills the inflamed swollen membrane of your nose and throat, stops discharge, cleans the system, and completely overcomes the disease by destroying the germs. Hyomal cannot live in your body after Hyomal reaches them. Lee & Osmond of that city, and situated on Bellevue street.
